We are a community of academics, clinicians, and support staff. Our current faculty and support staff have advanced degrees, are board certified clinicians or hold training/licensing in their professions, and are current with their licensures. We also have a special emphasis in the development and evaluation of technology-based treatments. Our research is focused on the development and validation of psychological interventions and treatments for mood and anxiety disorders. We are committed to improving the health and well being of our community. We have programs for psychological, physical, occupational, and speech therapy. We have a social worker/counselor on staff that works with our residents and their families, as well as a social worker that works with our families and friends at Brookdale. In addition, we have a psychologist available for adult couples and families. The psychology department provides individual, couples, family and group therapy with a focus on psychological interventions and treatments for anxiety, stress, depression and trauma. Our clinicians are available for in-house services and many of our providers are on staff or are on-call 24 hours a day. For a schedule of times and locations that are available for our providers, please visit the Brookdale Health Services website. We have access to a wide range of medications and medications and medications for children and adolescents are on staff or are on-call 24 hours a day. For a schedule of times and locations that are available for our providers, please visit the Brookdale Health Services website.
