Abstract: This paper, which is based on the Bibliotheca Alexandrina of Egypt, describes the origins, purpose and historical context of the B. A. Bibliotheca Alexandrina is an initiative to make the ancient library accessible to the public, and also a comprehensive digital library of Egypt's heritage. Since its foundation in 2008, the Bibliotheca Alexandrina has restored and digitised over 8 million pages of rare materials from the Cairo area's ancient libraries, as well as producing authoritative digital editions of Egypt's famous Arabic manuscripts. In addition, scholars of the regions beyond the Nile have also been invited to contribute to the Bibliotheca Alexandrina on a variety of topics. On paper, the Bibliotheca Alexandrina has two entries, Bibliotheca Alexandrina in Arabic and Bibliotheca Alexandrina in English. PDF. Bibliotheca Alexandrina in Arabic and English.
